POLICY FOR CLIENT CODE MODIFICATION

1. Objective

To frame the guidelines for modification to client codes post trade execution and reporting of such Client Code Modifications.

2. Brief about Client Code Modification:

Client Code Modification means modification / change of the client codes after execution of trades. Stock Exchanges provide a facility to modify any client code after the trade has been executed to rectify any error or wrong data entry done by the dealers at the time of punching orders. The Punching errors in client code has been arrived from similarities of codes, square off trades without holding or positions, trades in immediately preceding codes, family codes, and miscommunication from client /authorised representative. However, such Client Code modification is subject to certain guidelines or any such other evidence as to the time limit within which the client code modification is to be carried out, terminal / system on which such modifications can be done etc. The facility is mainly to provide a system for modification of client codes in case genuine errors in punching / placing the orders. It is to be used as an exception and not a routine. To prevent misuse of the facility Stock Exchanges levy penalty / fine for all non-institutional client code modifications.

3. Scope of Policy:

This policy covers all the Client Code Modifications carried out / to be carried out in any of the client accounts controlled by HO, subject to the guidelines issued by the SEBI / Stock Exchanges from time to time, in any segment of any exchange for which My Money Securities Ltd. (MMSL) is a member broker.

4. "Error Trades" means the trades which will be modified / to be modified / allowed, to be modified subject to guidelines of the SEBI / Stock Exchanges and this policy.

For the purpose of this Policy, only the following types of trades shall be modified / allowed to be modified:

In case of NSE:

- i. client code/name and modified client code/name are similar to each other but such modifications are not repetitive.
- ii. Family Code (spouse, dependent parents, dependent children and HUF)
- iii. Institutional trades modified to broker error/pro account.

In Case of MCX-SX

- i. Punching error / typing error of client codes due to any genuine error or mistake in order entry, while punching the order, by any of dealer.
- ii. Trade entered for wrong client due to any miscommunication from the client / authorized representative of the client.

5. General Conditions:

- (i) The facility for Client Code Modification can be used only in case of Error Trade.
- (ii) **F&O and CDS Segment** : The errors would be rectified by reversal trade in next trading session and the rate difference shall be set off by passing a JV entry in the ledgers of affected clients. In case the clients do not agree to keep such wrong trade record in his account, such trade may be rectified by moving both side of the trades to the account of actual client instead of settling it through JV entry.

Cash Segment : Such errors would be rectified after verifying genuineness.

- (ii) The Client Code Modification shall be carried out only on the designated system and / or as per the process as may be prescribed by SEBI / Stock Exchange.

6. Place for Client Code Modification:

Any Client Code Modification shall be maintained for all such modification. Concerned dealer shall enter the required details and sign in the register which shall be approved by counter signature of any of the designated directors at HO of all the Error Trades happened in Capital Market & F&O Segment of NSE, and Currency derivative segment of MCX-SX.

7. Penalty

The penalty or fine, if any, levied on MMSL for any wrong trade occurred due to any miscommunication from the client / authorized representative of the client shall be borne by the client.
