MANAGEMENT DISCUSSION AND ANALYSIS

The next phase of growth for the economy –Target \$3 trillion

Taking advantage of the massive mandate, the new government launched several initiatives to drive growth, investments and competitiveness, despite internal and external challenges. Make in India, Digital India, Smart Cities and Financial Inclusion would help improve the access and affordability of products, while giving a boost to domestic production. The GDP growth for FY2017 is expected to be aided by the manufacturing / infrastructure sectors, apart from services. Infrastructure has received a big push. Road projects are focusing on execution.

Consumption both rural and urban would fuel growth aided by a normal monsoon and a benevolent pay commission hike. FY2017 should augur well for a revival of the rural fortune. Increased allocation of federal monies to the states should also give a fillip to rural development projects, fuelling jobs and incomes

Although the consumer base in India is a small proportion of its 1.20 billion population. This base has to expand further if the incremental growth to GDP has to be added. Moreover, shifts in the nature of consumption can impact business sectors. For example: increased digitalization transformed sectors like retail, media and telecom. So innovation will hold key, if businesses have to remain relevant. Control over inflation has been one of the positives this year, especially food inflation. . Resultantly, the Reserve Bank of India reduced policy rates by more than 1.5% during the year, and remains accommodative. The government has officially accepted a target of 4% (plus/minus 2%).

The government is also working on other initiatives like single-window clearances for approvals as well as easing the criteria for FDI in certain sectors, since rate cuts alone cannot revive the investment cycle. Till the private sector pushes its investment cycle, public expenditure projects will be the main source of incremental jobs and incomes, although it means the government has to continue walking the fiscal tight -rope.

The priority areas for the Government have been highways, railways, energy, financial inclusion and defence. A thrust to rural spends; infrastructure and social programmes should help boost the rural economy, which remains largely untapped from the growth story. India's GDP growth in FY2017 can be expected to accelerate further if certain key reforms come on-ground. Passing of Good and Services tax by the parliament is a positive step.

The Equity Markets in FY2016

Fy 16 was roller coaster year for equity markets, primarily due to significant headwinds and poor earnings momentum, however going ahead, sentiments should be better with gradual improvements in the economy and corporate earnings.

With greater interest in equities and other asset classes, wealth management industry is also cusp of significant growth going forward. The markets look positively poised to reach new highs in the coming months.

RISKS AND CONCERNS

We are primarily exposed to credit risk, liquidity risk and operational risks; we have constituted Asset Liability Management Committee to manage these risks. This team identifies, assesses and monitors all of our principal risks in accordance with defined policies and procedures. The committee is headed by C.E.O.

**“ANNEXURE B” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE
STANDALONE FINANCIAL STATEMENTS OF MY MONEY SECURITIES LIMITED**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of My Money Securities Limited (“the Company”) as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".
